### What are Saving Solutions?

Our Savings Solutions seek to preserve your money and provide you with ready liquidity while delivering you tax efficient returns compared to traditional mode of savings

### Who can benefit from Saving Solutions?

This is an ideal solution for investors who have low - medium propensity for risk and high liquidity. These can be ideal for first time investors in mutual funds.

## Benefits of Savings Solutions:

- 1. Make Inflation work in your favour:** Inflation affects your returns from any investment including mutual funds. But, in case of savings solutions, you can use it to your advantage - through indexation - which can help you reduce the amount on which you have to pay tax. You can benefit from indexation, if investing for more than 3 year. Please consult your tax advisor on how to take advantage of indexation.
- 2. Aim to preserve your money:** These schemes generally invest in instruments like bonds of reputed Indian companies and securities (bonds) issued by the Government of India which are considered relatively safe.
- 3. Aim to provide Liquidity:** If you need to withdraw your money, all you have to do is submit a redemption slip and your money is normally credited to your bank account within one working day. You may also opt for an online redemption facility offered by many fund houses for added convenience.
- 4. Introduction of TDS on IDCW:** Finance Act, 2020 has abolished dividend distribution tax (DDT) w.e.f. 1st April 2020. IDCW will be taxable in the hands of investors basis tax slabs applicable to them.  
There are various savings solutions available depending on the time period that you would like to invest for:  
**a. 1 day to 3 months b. 3 to 6 months c. 6 months to 1 year d. 1 year+**

**Investors are requested to note that fiscal laws may change from time to time and there can be no guarantee that the current tax position may continue in the future.**
